

Sunshine Precious Metals Refinery | Essential Metals Corporation®
1098 Big Creek Rd. Kellogg, Idaho U.S.A 83837 208.783.2691

Marketing and Silver Refinery Manager – Kellogg, ID

Essential Metals Corporation is currently recruiting for a Marketing and Silver Refinery Manager. We are looking for an individual well balanced between solid business/marketing and operational experience. This individual will have a broad understanding of industrial practices related to precious and base metals operations with experience in marketing commodities, preferably precious and base metals. Previous experience will include ten years in upper level managerial positions. The Marketing and Silver Refinery Manager position will report to the General Manager.

This is a full-time salaried position located in Kellogg, Idaho. Candidates must be authorized to work in the United States. We offer a competitive wage and benefit package.

Please visit the Company's website at <http://www.formationmetals.com> to learn more about Essential Metals Corporation and the Big Creek Hydrometallurgical Complex, which includes the Sunshine Precious Metals Refinery, in addition to the Idaho Cobalt Project located in Salmon, Idaho.

Please send resume to:
